WORK EXPERIENCE

Software Engineer [Fidelity Investments] Aug 2024 - Present

- Building and testing event-driven financial applications using various technologies like Spring Boot, Kafka, Selenium, and Cucumber etc. in **Agile / Scrum** environment.
- Involved in brainstorming sessions for a new product – defined core requirements, contributed to product architecture discussions, evaluated trade-offs in technical feasibility and user impact.
- **Pitched a new product idea** as part of an internal innovation challenge, defining market opportunity, key features, and go-to-market strategy.

Software Development Engineer Intern [Fidelity Investments] Jan 2024 - June 2024

- Worked on **chaos testing** to ensure system resilience using tools such as FIS tests, Chaos Mesh etc. via Jenkins pipeline jobs.
- Focused on **automating** and improving the reliability of chaos testing procedures, contributing to more robust system performance.

Business Strategy & Marketing Intern [Elektrobit Pvt Ltd] Oct 2023 - Dec 2023

- Strategically optimized key aspects of **B2B marketing**, to enhance product visibility and generate leads.
- Pioneered the introduction of a **customer analysis portfolio** methodology, optimizing lead conversion strategies and customizing product offerings to meet client needs.
- Conducted **customer research** by gathering feedback from clients and presenting key insights to the product and marketing teams, leading to actionable product improvements.
- Presented strategic recommendations to senior teams, enhancing my communication and storytelling expertise.

Software Development Engineer Intern [Fidelity Investments] June 2023 - Aug 2023

- Worked on full stack development for a dynamic product, leveraging Java, Spring Boot, AngularJS & Snowflake.
- Collaborated with **cross-functional teams** to deliver scalable solutions.
- In addition, gained valuable exposure to **data visualisation** and analysis working with **Power BI** and successfully created an entire dashboard and thus showing comfort with analytics and presenting data to stakeholders.

ACCOMPLISHMENTS

Secured 2nd rank in 7th semester; among students from department of IT *2024*

Finalist of SIH; nationwide hackathon organised by Government of India. *2023*
